

Most homeowners insurance does not cover flooding.

Only flood insurance helps you protect the life you've built.

Why You Need Flood Insurance

- Just one inch of water in an average-sized home can cause more than \$25,000 in damage
- Most homeowners and renters insurance policies do not cover flood damage.
- Flood insurance coverage for homeowners living in moderate-to low-risk flood areas can be as low as \$325 a year.

The Hartford is a participant in the federal Write Your Own (WYO) Program, part of the National Flood Insurance Program managed by the Federal Emergency Management Agency (FEMA). WYO flood policies are underwritten by the federal government and issued, sold, and administered by authorized private insurance companies, including Hartford Fire Insurance Company, Hartford Insurance Company of the Midwest and Hartford Underwriters Insurance Company. Accordingly, Hartford WYO flood policies are written subject to the rules, regulations, terms, conditions, and availability of the National Flood Insurance Program, and are available in all states. For simplicity, this brochure does not include all the features, exclusions and limitations of the flood policy. All policies must be examined carefully with your agent to determine suitability for your needs and to identify any exclusions, limitations or any other terms and conditions that may specifically affect coverage. In the event of a loss or claim, the terms and conditions of the policy prevail.
